PROTECTION GRID SUPPORT

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off.
For the installation of the spare-part, it is necessary to consult a qualified electrician

Insert the supports (G) in the housings (H) of the protection grid (I), ensuring that they are inserted inside properly.

Insert the supports (G) and the protection grid (I) in the transparent ring (E).

Insert the ring nut (I) and the fabric sheet (D) in the plastic diffuser housings (L) until they click into place as indicated in the figure on the left hand side.

REMARKS! For a correct installation, align the three supports with the plastic diffuser.
