
BASE ASSEMBLY

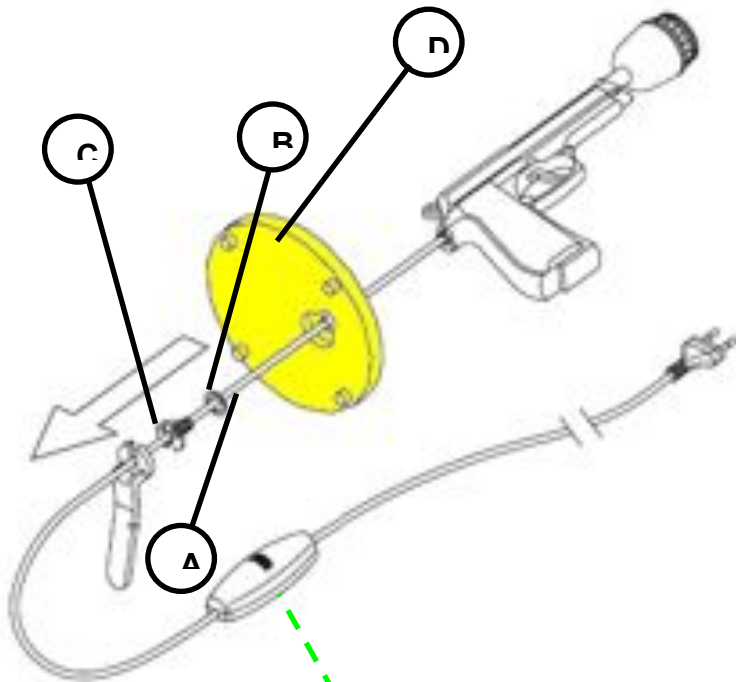

15142

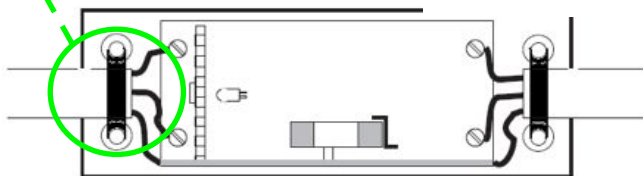

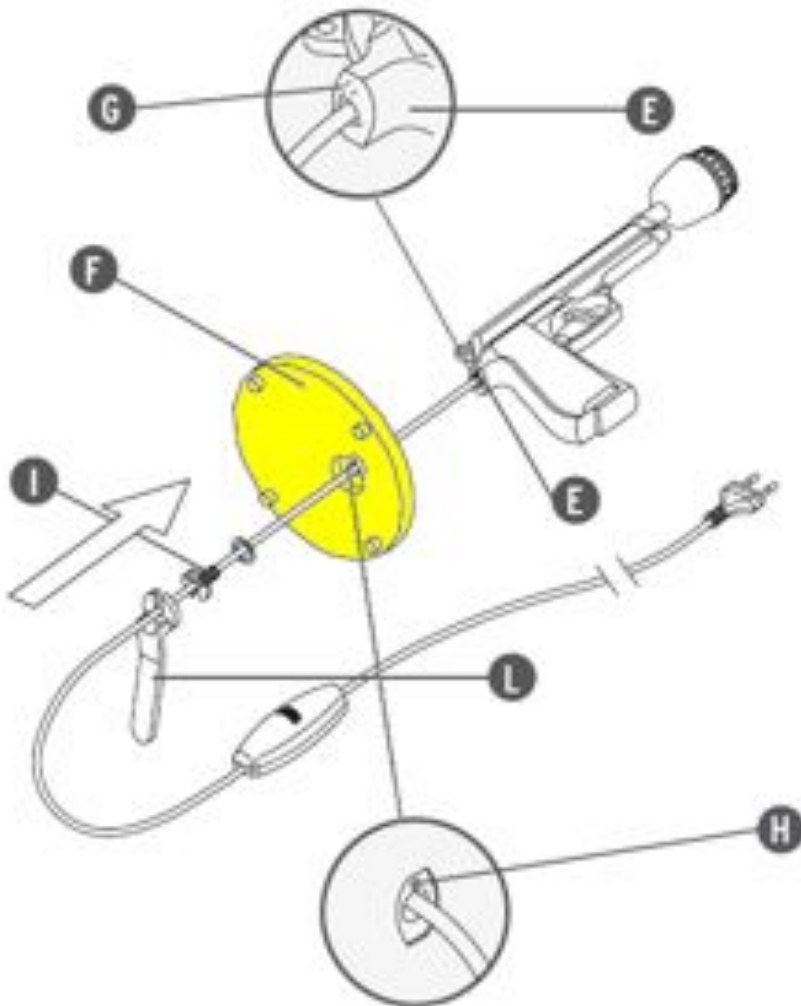

16603

WARNING! When installing and whenever acting on the appliance, ensure that the power supply has been switched off.
For the installation of the spare-part, it is necessary to consult a qualified electrician.

Disconnect from the dimmer the electrical cable (A) that goes to the lamp structure and free the cable through the cable clamps; Unfasten the locking screw (C) from the base and slide it out from the electrical cable (A); Slide out the washer (B) and the damaged base (D); Slide through the cable (A) the new base (D), following the washer (B) and then the locking screw (C). Connect the lamp structure electrical cable (A) back to the dimmer and then lock the cable through its opposite cable clamp.

Position the lamp structure (E) on the base (F) ensuring that the safety pin (G) enters in its appropriate hole (H);
Lock the base (F) on to the lamp structure (E) by tightening the locking screw (I) with a tool key (L).
